Faubus May Be Shedding AIDC of Rockefeller

By JOHN R. STARR

LITTLE ROCK (AP) — Legislative in-fighting over an anti-gambling bill was expected to resume in the Arkansas House today when the General Assembly reconvened after a one-day recess.

Rockefeller, in a debate at Fayetteville Tuesday night, hinted at a break with Faubus.

He said "I have a sneaking suspicion that the governor's bi-partisan policy is coming to an end." Walter Day of Mississippi County, who with Rep. L. H. Autry of the same county was to introduce the bill, commented in the debate, "We just can't see a Republican Party leader as the chairman of that commission. We think the commission should be dominated by Democrats in this state."

The remarks of the AIDC chairman came in his summation in a debate with Tom Harper of Fort Smith, chairman of the Arkansas Democratic party.

Harper said, "If I were the governor and I had a chairman who financed my opponents, I think I'd get me a new chairman too."

The Tuesday recess was for the funeral of Rep. Mattie G. Hackett of Stamps who died Sunday. More than 50 legislators and Gov. Orval E. Faubus attended services at Stamps.

The break gave House members a chance to cool after vigorous and sometimes bitter argument about Ashley County Rep. N. B. Murphy's gambling bill Monday.

The bill was trapped in a filibuster for the second time as House members began to take sides on the measure.

Until Monday the dispute had been principally between Murphy and Garland County Rep. Nathan Schoenfeld. Perry County Rep. Paul Van Dalsen came to Schoenfeld's aid.

Central Baptist College Choir Coming to Hope Friday

The choir of Central Baptist College, Conway, Arkansas, will present a special program at Unity Baptist Church on Friday night, Feb. 22, at 7:30. This choir of 40 voices is under the direction of Rev. James Burch. This is the only time the choir will be in this area of the state this year.

Central Baptist College is a junior college and is owned and operated by the Arkansas Missionary Baptist Association. Rev. A. R. Reddin, president of the school, will present the plans for the building of a men's dormitory and acquaint the people with plans for raising funds.

Number of churches in Union Association are urged to attend and the public is cordially invited.

Bargains, Prizes Here on Friday

Hope Retail Merchants will again stage their biggest promotion of the year on Friday, February 22. In celebrating Washington's birthday, local merchants are offering outstanding values all over their stores.

In addition to the many bargains in merchandise, customers are urged to register for the free car to be given away Friday at 5:15 p.m.

There is no purchase required and customers may register in all of the participating stores, but you must be present to win.

Registration may be done only on Friday and lists of all participating stores will be posted in the stores for the customer's benefit. The car to be given away free can be seen on display at the corner of Second and Main Sts. in Hope. Other prizes and gifts will be given away on Friday, and customers are urged to "Shake the Cherry Tree" located with the car.

Come to Hope Friday, shop all over town and be sure to register for the free car to be given away. Look for the red and white card on the merchant's doors; he's participating in this hometown promotion. And don't forget, be sure to be at the corner of Second & Main streets in Hope at 5 p.m. Friday, February 22; you must be present to win the car.

PGA Plans Open House February 24

NASHVILLE — Special-An open house will be held Sunday, February 24, at the remodeled office building for the Nashville Production Credit Association here. The 13 hours will be from 1:30 to 4 p.m.

The PCA headquarters is located on Nashville's Main Street, on a corner block at First and Main. The building, on a 25x100 foot lot, has been completely remodeled, both as to interior and exterior. The exterior is chiefly of a red mat face brick with decorative solar black columns.

The paneled interior with indirect lighting, is of the latest design in business office arrangement and furniture, with private offices for field workers interviewing farmers for loans.

The officers will be open to the public for three hours. Music and refreshments will be offered.

The PCA serves 227 farmer members in 7 counties, including Howard, Pike, Scriver, Hempstead, Nevada, Hot Spring, and Clark counties.

During the past year PCA loaned its members in those counties a record-breaking total of \$15,214,310.22 in farm loans.

Hosts for the open house Sunday will be the board of directors and the personnel of the PCA.

Building Subject at Kiwanis Meet

The inception, design and construction of First National Bank building in Dallas, Texas, was shown on film of Hope Kiwanis club Tuesday in tribute to architects of the nation.

The building is 52 stories tall, measures 628 feet in height, and is reported to be the tallest building west of the Mississippi. It was reported to have cost 33 million dollars.

Guests included: Jim Daily, Jerry Brewer, Clinton Thomas, Horace Fuller, Lawrence May, George Peck, Jr., Rev. W. R. Burke and Frank Powell.

Picture Gap Questioned by Lawmaker

By GEOFFREY GOULD

WASHINGTON (AP) — Intelligence chief John A. McCone has been questioned at a secret House briefing about a so-called "picture gap" in the aerial surveillance of Cuba during the Soviet missile buildup, it was learned today.

Informed sources said McCone was pinned down on the issue Tuesday, but because of security considerations the sources would give no further details. The Central Intelligence Agency director briefed the House Foreign Affairs Committee behind closed doors and answered questions for more than three hours.

The "picture gap" is a blank stretch from last Sept. 5 to Oct. 15 in the aerial photographs made public two weeks ago in an extraordinary two-hour television briefing by Secretary of Defense Robert S. McNamara and an intelligence aide.

In all the 60-odd photographs flashed on the screen, none fell in the "picture gap," a critical time period at the end of which the Soviets were discovered actually to have readied intermediate range missiles that could reach deep into United States territory.

McNamara was asked about the gap by newsmen in the question and answer session that followed. He answered that aerial photos had been taken on a number of days within the Sept. 5-Oct. 15 period, but that because of lack of time a selection had to be made of which photos to show on television.

That explanation has not satisfied some observers in Congress and elsewhere, including some generally friendly to the administration.

Brazil Takes Charge of Hijacked Ship

By ROBERT BERRELLEZ

BELEM, Brazil (AP) — With Brazilian authorities in control, the hijacked Venezuelan freighter Anzoategui sailed slowly today toward the Amazon port of Macapa, last stop in her week's forced run at gunpoint.

The freighter's pro-Communist captors, disarmed Tuesday night without a fight, faced detention as guests of the Brazilian navy while diplomats wrangled over their fate.

At Macapa, a port on the north side of the Amazon Delta 230 miles northwest of Belem, the freighter was to be returned to its owners—the Venezuelan government shipping company—after officials transferred the hijackers to a Brazilian destroyer escort.

The Brazilian navy said the terrorists would be brought to the naval base in Belem and held incommunicado.

The hijackers, who seized the freighter in a dramatic bid to discredit Venezuelan President Romulo Betancourt's anti-Communist government, requested asylum in Brazil. The Venezuelan government demanded their return for trial as criminals.

Brazilian authorities said the captors would be treated as political refugees until the Foreign Ministry decides their future. They indicated asylum will be granted if the offenses against the Venezuelan government are considered political and no Brazilian law was broken.

The hijackers failed in their chief aim, to force Betancourt to cancel his trip to Washington. The Venezuelan president arrived there Tuesday for talks with President Kennedy and expressed confidence that the hijacking had not shaken his liberal, Anti-Communist government.

Terrorists at home continued their war on Betancourt's regime with a series of robberies and shootings in Caracas and Maracaibo.

For one showing only, the public is invited to see the motion picture film, "The Billy Graham Story," "Decade Of Decision," the award winning film, for the first time, a behind-the-scenes account of the spiritual crusades.

This film will be shown at the Southside Assembly, Thursday, February 21, at 7:30 p.m. There will be no admission fee, however a free will offering will be taken.

Flu Outbreak Spreading to Middle West

By THE ASSOCIATED PRESS

Asian flu and other respiratory ailments sweeping across much of the nation are taking an increasing toll in absenteeism, particularly among school children.

Many schools report large numbers of pupils absent because of flu. Several have closed as a health safety precaution and others are considering suspending classes.

No estimate is available of man-hours lost in business and industry because of respiratory illnesses.

Hundreds of deaths have been reported. Although new outbreaks of Asian flu have occurred, a health official expressed hope Tuesday that the wave of influenza-like infection will begin to wane with the approach of spring.

Flu of the Asian variety now has been reported in Michigan and Minnesota, and authorities say the outbreak which hit hard in West Virginia probably is Asian flu.

Previously, the U.S. Public Health Service's Communicable Disease center at Atlanta had confirmed Asian flu in the District of Columbia and North Carolina.

State Behind Others in School Aid

By GORDON BROWN

WASHINGTON (AP)—Arkansas school districts have received over \$25 million in federal money over the last 12 years under the program which provides help for schools in which enrollments have been increased as a result of federal activities.

This amounts to about one percent of the total of nearly \$2.5 billion appropriated by Congress over the 12 years to carry out the program — frequently called the "impacted area" program.

Thus Arkansas, while receiving a sizeable amount of federal assistance, is well down in the list of the 50 states and far behind such states as California, Virginia, Maryland, Michigan and Washington. Those states have big federal installations and defense plants and numerous federal employees.

The program, under two separate laws, provides funds for school construction and for maintenance and operation.

In the 12 years ended last June 30, Arkansas school districts received a total of \$15,000,595 in construction funds and \$10,039,648 in maintenance and operation funds, a report from the office of education.

Self Help Course at Forest City

FORREST CITY, Ark. (AP) — A 16-hour course in Civil Defense medical self-help got underway at Forrest City High School this week with 500 students participating.

Jerry Christopher, Civil Defense Director, said it was the first time an entire school has taken part in a training program. He also said plans are underway for 2,000 to 2,500 other students to take the course as soon as the first class is completed.

The course is designed to educate at least one person in every family in St. Francis County in medical self-help. Christopher said adult courses are planned, too.

Northeast Is Hit by Snow, Sleet

By THE ASSOCIATED PRESS

Stormy weather, with heavy snow, sleet and strong winds, lashed wide sections of the Northeast today after pounding many areas in the South and east-central states.

The severe storm, centered near Nantucket, Mass., dumped more than eight inches of snow in Worcester, Mass., and seven inches in Windsor Locks, Conn., and Portland, Maine.

The Weather Bureau posted heavy snow and hazardous driving warnings in central and western Massachusetts through northern New England. Gale warnings were displayed from Eastport, Maine, to Block Island, R.I. Tides are averaging about two feet above normal from northern New Jersey northward.

The storm swept across eastern, south central and northern sections of New York State. Some airplane flights were canceled in Albany, which reported more than five inches of snow.

A mixture of rain and snow ended in New York Tuesday night, leaving about an inch of slush. Snowfall was heavier in suburban areas.

Driving conditions were hazardous throughout the storm belt. Temperatures were mostly in the 20s and 30s.

The storm system brought heavy rains in the Southeast and damaging winds in central Florida Tuesday. Skies cleared today, with a little warmer weather in Northern areas and some cooler air in the Southern sections.

Light snow and sleet hit Michigan while light rain splashed areas in the northern third of the nation.

Only subzero temperatures this morning were in northern Minnesota and North Dakota. Low marks included -15 in Grand Forks, N.D., -13 in Bismarck, N.D., and -10 in International Falls, Minn.

Finds Ohio in Debt by \$83 Million

By ART PARKS

COLUMBUS, Ohio (AP) — A team of public accountants say Ohio owes \$83 million more than it has in the treasury. They add that Ohio has been spending at the rate of \$52 million a year in excess of its income.

James A. Rhodes, Ohio's new Republican governor, has reacted to the financial hint by ordering an across-the-board cut to the point where spending equals income.

He has laid off about 5,000 of the estimated 60,000 state employees. He concedes the personnel slash may not yet be deep enough.

In fact, he has indicated strong state employees could lose their jobs under a reorganization bill being drafted in his office for legislative action.

"What we have in mind is reorganization for economy in state government," he said. Some reports circulated that as many as 19,000 state jobs would be stripped of civil service protection, but Rhodes termed the figure inaccurate and said there could be no estimate at this time.

While Rhodes and his finance director, Richard L. Krabach, scan the state's billion-dollar a year financial program for spots where more cuts can be made, there is resentment from those who have been fired.

There were questions raised by non-political persons who learned that some state employees were required after it was discovered their work was essential.

Most of those dismissed thus far were nearing the end of a 120-day probationary period—and some were Republicans.

Asian Flu in Epidemic Stage at W. Memphis

By THE ASSOCIATED PRESS

Asian flu, regular flu and upper respiratory infections were reported in virtually every part of Arkansas today, but the diseases had reached epidemic proportions only in West Memphis.

More than 1,000 cases were reported in that city, just across the Mississippi River from flu-stricken Memphis.

A spot check around the state showed most cases were being treated at home but hospitals were crowded. Schools in several areas closed.

Diagnosis of flu as to type—Asian or regular—requires laboratory tests. Treatment of both kinds are similar, and the chief danger of both is that they can lead to pneumonia or other secondary infection.

The state Health Department prescribed bed rest, good nutrition and avoidance of exposure as the most important treatments.

East Arkansas seemed to be hardest hit by flu but respiratory infections were reported in all sections.

Three schools in Phillips County, Elaine, Wabash and Melwood, closed. The Helena hospital supervisor reported the hospital was filled to capacity with 30 per cent of the patients suffering from up-Continued on Page Two

Democrats Join Demand to Oust Reds

WASHINGTON (AP)—Leading congressional Democrats joined several Republicans today in calling for the withdrawal of all—and not just part—of the 17,000 Soviet troops in Cuba.

A written communication to President Kennedy that Soviet Premier Khrushchev plans to ship several thousand Russian soldiers home soon was hailed as a significant development.

But members of both parties aid the Kennedy administration must continue to press with all the force at its command for complete evacuation of Soviet military men from the island.

Some informants said the Soviet Union had given assurance that several thousand troops would be out of Cuba by March 15.

There was no official comment from the White House or the State Department.

John A. McCone, director of the Central Intelligence Agency, was reported to have told the House Foreign Affairs Committee Tuesday that several empty Soviet merchant ships were on their way to Cuba.

While urging the administration to press for the withdrawal of all Soviet forces from Cuba, no members of Congress came forward with any concrete proposals as to how this could be accomplished.

A short of force—a policy Sen. George D. Aiken, R-Vt., said he is convinced the Democratic administration shares.

Sen. Richard B. Russell, D-Ga., chairman of the Senate Armed Services Committee, said that while the Soviet pledge to withdraw some troops is encouraging "we cannot be complacent about it until all the Russian troops and technicians manning any weapons are removed."

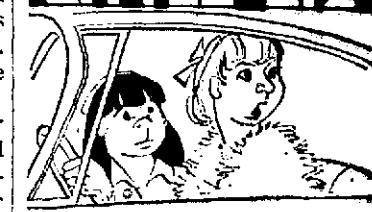

Sen. John Stennis, D-Miss., head of the Senate Preparedness subcommittee, said the Soviet move was only a first step.

"Our policy must be to insist that they all be withdrawn," he said. "This is the only thing that will really remove the menace."

Sen. Barry Goldwater, R-Ariz., found little encouragement in the withdrawal of only a part of the Soviet garrison. He said there should not be one uniformed Russian or technician left in Cuba.

Senate Democratic Leader Mike Mansfield of Montana voiced hope—which he said was shared by Kennedy—that Khrushchev will call all of his troops home.

Faubus May Be

Benton County Rep. Hardy Croxton, Lee County Rep. W. L. Ward, Mississippi County Rep. Kenneth Siler and Jefferson County Rep. G. W. Turner Jr. joined Murphy in trying to get the bill to a vote.

The opposition was trying to tie up the bill with amendments which, if adopted, would either make the bill harder to pass or kill its effectiveness.

Autry and Day wrote the Rockefeller ouster bill and Day said he felt Faubus would support it. Although the governor has indicated he is satisfied to have Rockefeller as chairman of the AIDC.

The Day-Autry bill would abolish the present commission and permit Faubus to name a new one.

The bill would not preclude reappointment of Rockefeller, but

its passage would amount to a legislative mandate against the reappointment.

Rockefeller has headed the industry - hunting agency since it was responsible for a GOP renomination of William P. Rock, its first and only executive secretary, indicated the agency is feeling political heat.

Some legislators are irked at Rockefeller because they feel he was responsible for a GOP renomination last fall which gave many of the Democratic legislators general election opposition for the first time.

A bill to increase the truck weight limit from 64,000 to 73,280 pounds was delivered to Faubus Monday. He has until midnight Saturday to sign or veto it or it will become law without his signature.

This deadline made it likely that another effort will be made this week to get a companion bill to boost truck license fees through the House.

Rep. Jess Walt of Jefferson County said he will try to amend the bill to boost the license fees higher.

The license bill was six votes short of passage on its first roll call. The truck lobby has enough votes to block any fee-boosting amendment, but it apparently has not found six extra votes for the bill.

A Senate bill to restrict Sunday sales remained tied up in the House Judiciary Committee which will meet Thursday to consider 14 proposed amendments before reporting the bill back to the floor.

State Behind

During the year ended last June 30, a total of 66 Arkansas school districts received maintenance and operation funds of \$1,428,031 and two districts got \$755,299 in construction funds.

During the 12 years of the program 30 Arkansas school districts have received construction funds totaling \$15,000,595.

Receiving construction money last year were the Pulaski County Special School District, Little Rock, which drew \$574,589, and the Eureka Springs School District, which got \$180,710.

School districts in Pulaski, Baxter, Jefferson, Saline, Miller, Mississippi, Garland, Ouachita, Marion, Sebastian, Jackson, Boone, Lonoke, Cleburne, Pope, Yell, Carroll, Benton and Franklin counties have drawn construction money over the years.

The 66 districts receiving the \$1,428,031 in maintenance and operation funds during the past year had expenditures of \$28,853,509.

The figures are from the annual report of the office of Education, an agency of the Health, Education and Welfare Department.

Arkansas Reps. E. C. Gathings and Oren Harris, are two Democrats who don't see exactly eye-to-eye on what's needed in cotton legislation.

Gathings, as chairman of the House Cotton Subcommittee, introduced a bill providing for a domestic subsidy on cotton. His subcommittee approved the measure. But the full House Agriculture Committee altered the language of the measure, wrangled bitterly over some provisions and finally returned it to the subcommittee.

Gathings believes some sort of subsidy is necessary.

Harris, on the other hand, says the domestic subsidy would not eliminate the existing two-price system for domestic cotton.

"It merely covers it up with another subsidy, at a cost of over \$350 million per year," he said.

"It is time to re-appraise our approach to the cotton problem."

LITTLE ROCK (AP)—The state Teacher Retirement System invested \$71,000 in whisky distillery bonds last year, its executive director said Monday.

Hoyle R. Pyle, the director, said at the time the money was invested he did not recognize the name of the firm — Joseph E. Seagram. He said a secretary later called it to his attention.

Pyle said the system got 4.5 and 4.6 per cent interest on the investment. The investment showed up in the system's annual report.

The system's executive committee and board will sell \$1.5 million in low-yield bonds of under three per cent interest next week to purchase higher-yield. Pyle said he did not know if it would discuss the liquor investment next week.

stymied truck license fee increase bill and probably would offer it Wednesday.

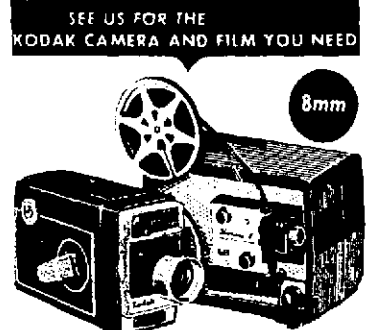

The amendment, he said, would raise the fees much higher than does the present bill. It would bring in more than \$4 million annually in revenue, he said, compared to the \$319,000 the present bill would draw.

The House failed to pass the fee increase bill last week after both houses had approved a truck weight increase bill. Opponents of the fee increase bill contend that it does not raise the tax high enough to cover additional road damage to be caused by the increased weight limits.

U.S. Rushes Aid to Polio Hit Nation

By LEWIS GULICK

WASHINGTON (AP) — Just before Christmas, the terror of a polio epidemic struck British Guiana. Its anti-Yankee government called for help, and got it from the United States.

The Air Force rushed in doctors from the U.S. Public Health Service and Baylor University, plus 200,000 doses of vaccine, iron lungs and other equipment.

As specialists from Baylor treated the victims, the Health Service's team of four medics set to work to stop the epidemic by immunizing 170,000 children in the South American colony of 600,000 persons.

Within a month, there were dramatic results.

Dr. Henry M. Gelfand, head of

the Health Service team, reports that hospital admissions hit a peak of 83 new cases in the week ended Jan. 5. But last week only nine new cases were reported.

Today the mission is almost completed. The Health Service team has returned to its base at the Atlanta, Ga., Communicable Disease Center. Three members of the Baylor group are due home today. Two others are staying behind.

American officials believe the group scored a double success—not only stamping out the epidemic but also centering the anti-American sentiments of Guiana's left-leaning premier, Cheddi Jagan.

The U.S. Agency for International Development which sponsored the mercy mission figures its costs to the taxpayers will run between \$40,000 and \$50,000. Baylor donated its help, thus keeping down the cost.

Named to Succeed Her Husband

LITTLE ROCK (AP)—The appointment of Mrs. Myrtle Harness of Marshall to succeed her late husband, William Guy Harness, as Searcy county tax assessor, was announced today by Gov. Orval E. Faubus.

The appointment was recommended by other Searcy County officials. Harness 42, died last week.

can be guessed from some of the newspaper comment in Guiana. One newspaper voiced gratitude for the aid given "in spite of all the abuse poured on the United States by our premier . . . Thank you—Mr. Kennedy! What a government!"

The beginning of Methodism came in 1815 when the Reverend Eli Lindsey preached to the Spring River Circuit.

DOROTHY DIX

THE CLOCK STOPPED
FOR HIM

By HELEN WORDEN ERSKINE

Dear Helen: I am housemaid for a 47-year-old man who has been crippled mentally and physically for 17 years. He was in an automobile accident in 1946. His wife died instantly but he has lived on with his son, now 21.

I raised the boy and am in despair as to his future. The father lives completely in the past; still laments his letters 1946 and thinks he had a small boy, claiming that he man is just another servant.

To see his "little son" independent, the father overloaded him with all manner of activities: Boy scout work, lessons in singing, art, dancing, playing the trumpet and

swimming. When the boy was only 12 he was forced to learn weightlifting and stenography. In addition the poor kid had a newspaper route, helped out at the Salvation Army (his father's doing), belonged to a junior theatrical company and was lucky if he got six hours sleep a night.

I protested that he was under too much pressure. The father said, "He's got to learn how to make his own way in life." This, despite the fact that the father inherited money from a rich uncle and the son is his own heir.

Now the boy threatens to move out and this will be disastrous for me. First of all, I shall miss him terribly. Secondly, I am an old woman who has no other place I

can call home. The doctors say the father's condition is hopeless so I can't in all conscience leave, yet this big gloomy house without a pet and I don't even have one. They say a dog is too much trouble even though I promise to do all his work myself. How can I convince them that we would be a cheer-foller family if we had a dog in the house? —Dog Lover

Dear Old: It's about time the boy moved out. Such an environment could blight his life. Be governed by what is best for him. But, since he is not poor, ask him to see that you have help in caring for his father. Maintain a normal balance in your own life by developing outside interests. Join a hobby club, offer your services to the Social Welfare group in your church or take up square dancing—anything to change your thoughts and get you away from those depressing surroundings as much as is practical.

Dear Helen: You'll understand

this because you're a dog lover. I have begged and begged my parents to get me a dog. I think all children should have at least a pet and I don't even have one. They say a dog is too much trouble even though I promise to do all his work myself. How can I convince them that we would be a cheer-foller family if we had a dog in the house? —Dog Lover

Dear Dog Lover: You will have to convince your parents that you will care for the dog. Talk to a veterinarian about the proper routine and discipline. He might know someone who would loan you a dog to prove you are capable of looking after a pet.

my husband does, yet on holidays like Easter, Christmas or New Year's, the cards are addressed only to him. And if some marry, the wedding invitation carries just his name. Is this proper? I feel silly but to me it is serious. Your help will ease my mind and eliminate hard feelings at home. —Quandary

Dear Quandary: If the sender knows your husband is married, any invitation to him would include you. Most people intend this and, when they fail to name the wife, it's more likely to be ignorance than slight. Don't take the omission too seriously. Send a stamped, self-addressed envelope for my leaflet, "Are You Sensitive?"

Have you a problem? Perhaps Helen Worden Erskine can help

Duke Team Has Long Streak Going, 20-2

By SHELDON SAKOWITZ

Associated Press Sports Writer

have a special incentive going for them. They're hoping to emulate the feat of North Carolina's national champions in 1956-57. Second-ranked Duke turned back Maryland 76-70 at College Park, Md., Tuesday night and kept its streak in tact. The victory was the Blue Devils' 14th straight and gave them a perfect 13-0 Atlantic Coast Conference record with one regular season league game remaining. The Dixie Dandies, whose overall mark is 20-2, have just one game left before heading into the sudden-death ACC tournament in Raleigh, starting Feb. 28. A victory over North Carolina at home Saturday night would leave Duke with a 14-0 league record. In nine previous ACC seasons, only one team has gone through without losing, North Carolina in 1950-51. No other members of the Top Ten were scheduled Tuesday night but a number of key conference games were played. Kansas State climbed into a tie for first place with idle Oklahoma in the Big East Conference. The Wildcats topped Kansas 67-54 at Law-

Tigers Move Into First With Victory

By THE ASSOCIATED PRESS

Ouachita College trounced Arkansas Tech 97-76 Tuesday night to move into first place in the Arkansas Intercollegiate Conference basketball race.

Hendrix dropped Arkansas A&M from the lead with a surprise 51-47 defeat. Henderson topped third-place Arkansas College 59-50, fifth-ranked State Teachers whipped Harding 66-57 and Southern State broke a long losing streak by belting College of the Ozarks 63-54 in a cellar division game.

The Tigers gained their victory behind the hot pace of David Kossow, who crammed in 33 points, 26 of them in the first half. When Kossow cooled in the second period, reserve Delbert Garner hit for 19 points.

The Tigers held a 49-37 halftime lead and at one time racked up a 35 point margin in points.

Hendrix, behind the shooting of Wes Crawford, grabbed a 29-19 halftime lead, only to see it melt away. A&M tied the score 47-47 with 11:16 to play and it was nip and tuck until Lee Minor pulled Hendrix ahead 49-47 with 1:21 to go.

Crawford hit for 18 points to lead the winners. Hendrix moved into third place

renee as little Max Moss scored 18 points.

Host Texas boosted its league-leading Southwest Conference record to 10-0 and its over-all mark to 15-5 in knocking Texas A&M out of a share of second place, 83-73. The Aggies dropped to third at 6-4 as Rice moved into the runner-up spot at 7-3 with a 74-70 verdict at home over Baylor.

Georgia Tech whipped Tennessee 72-60 at Knoxville for its 19th victory in 23 starts and kept its Southeastern Conference title hopes alive.

Elsewhere: Southern Methodist outlasted Texas Christian 109-98. Arkansas subdued Texas Tech 83-78. Drake took a 65-65 squeaker over North Texas. William and Mary turned back George Washington 79-75. South Carolina upended Clemson 51-45. DePaul crushed Gannon 83-48. Fordham posted a 78-66 verdict over CCNY. Villanova outclassed Buffalo 69-47. Miami of Ohio vanquished Marshall 65-59. Southern Illinois stunned Western Kentucky 95-73 and St. Mary's, Calif., defeated Santa Clara 81-76.

Boyer Hits 30 as Porks Beat Texas Tech

FAYETTEVILLE, Ark. (AP) — The University of Arkansas Razorbacks solved some of their rebounding problems Tuesday night and downed Texas Tech 83-78 to gain a share of fourth place in Southwest Conference basketball.

The Hogs are tied with Southern Methodist for the spot.

Tommy Boyer hit his 40th straight free throw during the game to become top man in the nation at the charity line.

He now has a season accuracy mark of 121 of 130 for a 93.07 average, moving head of Ronnie Bonham of Cincinnati, who has a 92.4 average.

Jim Magness helped the Porkers control the boards, grabbing 13 rebounds in what Coach Glen Rose termed his best game of the year.

But Arkansas won the game at the free throw line, hitting a phenomenal 33 of 36 for the game.

The first half was nip and tuck with the score tied six times. Arkansas took a 43-38 lead to the dressing room.

Harold Denny and Glen Hallum put Tech back in the game in the second half, tying the score 68-68 with 7:23 to go and again at 70-70 with 6:50 remaining.

The Porkers moved ahead 77-76 with 1:55 to go, then hit six straight free throws to ice the game.

Magness and Larry Wofford each hit one of the charity tosses. Boyer got his 39th and 40th and Jim Bane contributed two points after the buzzer sounded.

Arkansas gained the .500 mark — 5-5 in conference play — by the victory and now has a 10-10 season record. Tech is 4-15 for the season and holds a 4-6 conference card.

Personal Fouls Arkansas - Wilson, 5, Wofford, Bane, Vogel, 2, Boyer, Koffman, Jay, Magness 1. Texas Tech, Walls 5, Denny, Helum 4, Patty, Gindorf 3, Murren 2. Attendance 2,600.

in AIC play by winning the game.

The Henderson Reddies staved off a late Arkansas College rally after powering to a 22-13 lead.

Kenneth Lewis, with his 26 points, handed the Reddies the edge in the game. Lavaughn Robertson and David Seward each hit 15 for Arkansas College.

A four-minute cold spell was the ruin of Henderson College as it fell to State Teachers. After gaining a 55-55 tie with 6:27 to go, Harding couldn't score again until two minutes were left to play.

Freddy White paced ASTC with 19. Vernon Rogers led Harding with an equal number of points.

Southern State broke a 19-game losing streak and chalked up its first victory of the year in toppling College of the Ozarks.

In sharply contrasting play, Ozarks hit 41 per cent in the first half to 28 for their opponents. But Southern State broke a 19-game cent the second period, compared to 16 for Ozarks. The Muleriders led 40-21 in rebounds.

Southern State bounced back from a 41-29 halftime deficit and caught Ozarks midway through the last period.

Charles Crumpler and Tommy Moore netted 12 points each to lead Southern State. Richard Kruse and Joe Bagwell hit 10 each for Ozarks.

Local Women Place High in State Tourney

In the State WIBC Women's Bowling Tournament, held at Texarkana, recently, local lady bowlers did the area proud.

Perry's Truck Stop team outdid themselves by placing the same as last year, 23rd, while KTPA Radio team of Prescott placed 12th in the entire state.

In the individual bowling, Mrs. Joyce Bailey of Hope was third with a 260 single game.

In the Double Events, Bobbie Gautsche and Helen Beavert of Prescott placed 46th with 1201 pins; Margaret Archer and Mary Riley were 59th with 1194; Judy Koslosky and Nancy Curtis of Prescott placed 101st with 1174; Rita Byers and Syble Parsons were 130th with 1163.

In the Singles Events, Ella Lee of Prescott took 6th place, with 674 pins; Joyce Bailey placed 19th with 657; Syble Parsons was 20th with 657; Marguerite Avery of Prescott, 134th with 613; Mary Riley, Hope, 146th with 609; Pauline Porter, Hope, 179th with 604; Bobbie Gautsche, Prescott, 180th with 604 and Jimmie Nicholas of Prescott placed 238th with 592. There were 269 teams entered.

Thought For The Day
There are two perfectly good men; one dead, and the other unborn-Chinese Proverb.

Calendar Of Events
The Music Department of the Garrett Chapel Baptist Church will present a program Sunday, February 24, at 3 o'clock p.m. sponsored by the May and April Clubs.

Visiting singers will participate. Special soloists will be Mrs. Catherine Lacy and Mrs. Sarah Neal. Mrs. Roy Story and Mrs. Doris Brown, Leaders.

HD Club Meets
The McCaskill Home Demonstration Club held its February meeting at the home of Mrs. Rhoda Jones with the president Mrs. Virdie Walker presiding. Devotion was conducted by Mrs. Ola Briggs. Roll call was answered by each member with a "healthy" idea.

Demonstrations were given by Mrs. Jones and Miss Ford on flower vases made from pumex jars and pillows respectively.

Refreshments were served by the hostess. The next meeting will be held at the home of Mrs. Ola Briggs, on March 7.

The Yerger Shovel P.T.A. observed Founders Day February 18, 1963, with a very interesting and informative program.

The program consisted of a panel discussion with nine participants.

Mrs. E. L. Hicks, Moderator, introduced the subject, "How To strengthen Our Schools", after which she presented the panelists. A very interesting question and answer period followed the discussion.

Mr. Fred Scott rendered a vocal solo, "Moon River" accompanied at the piano by Mrs. N. Carmichael.

The Moderator closed the discussion by giving some statistical facts and events as relates to education.

Music was rendered by the Shover Elementary and Yerger-High School choirs under the direction of Mrs. Edna Spearman and Mrs. N. Carmichael.

Offering for the evening was \$17.50. C. G. Carmichael, President; Mrs. G. Williamson, Reporter.

When To Fish or Hunt

Solunar Tables

By John Alden Knight

The schedule of Solunar period as printed below, has been taken from John Alden Knight's Solunar Tables. Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

The Major periods are shown in bold face type. These begin at the time shown and last for an hour and a half or two hours thereafter. The minor periods, shown in regular type, are of somewhat shorter duration.

When They Stop You Get Worried

By CYNTHIA LOWRY

NEW YORK (AP)—The short, stocky man with shock of black hair and the tall, handsome young fellow walked into the sleek, chic, expensive restaurant.

"Hello dere," exclaimed the maitre d'hotel, his face breaking into a broad grin.

"Hello dere," replied the short man.

They moved on to the captain. "Hello dere," he said, grinning, escorting them to a table.

There followed "Hello dere" from the busboy as he filled the glasses, the waiter as he presented the menus, from me and women and men as they passed by the table. Marty Allen, the one with the hair, and Steve Rossi, the tall one, took turns answering—pleasantly, but, as the continued rain of greetings tended to interrupt the conversation, a little pertinaciously.

"Doesn't this sort of thing get to be a bit of a bore?" asked the reporter, wearied from picking up dropped threats of thought.

"Not really," replied Allen.

"We'll start worrying when they stop saying it."

Allen and Rossi—the former a clown given to crazy clothes, kooky gestures and unexpectedly penetrating remarks on topical subjects and the latter a young singer with a fine voice and an adroit way of feeding a straight line—are a comedy team on the way up. They struck the public's fancy as semiregulars on CBS' "Garry Moore Show."

Now Allen's situation, "Hello dere," has become as popular as Joe Penner's old "Want to buy a duck?" that swept the country in the golden days of radio.

"It happened by accident," related Allen. "We were playing a date in Philadelphia. I walked out on stage for Steve's introduction, and suddenly I couldn't remember

Links Ike to Plot Against Guatemala

WASHINGTON (AP)—Sen. Thurston B. Morton has linked former President Dwight D. Eisenhower with plans for the 1954 overthrow of the pro-Communist government of Guatemala. And he says Eisenhower was ready to make sure it succeeded.

Morton, a Kentucky Republican, was assistant secretary of state for congressional relations when Guatemala was invaded by anti-Communists. He quoted Eisenhower as asking when the attack plans were made: "Are you sure this is going to succeed?"

After being assured that it would, Morton said, Eisenhower responded: "I'm prepared to take any steps that are necessary to see that it succeeds. For if it succeeds it's the people of Guatemala throwing off the yoke of communism. If it fails, the flag of the United States has failed."

Morton's comments were made Friday at a Republican dinner in Baltimore. Film clips of his statement on Guatemala were shown Sunday on a television news program.

Eisenhower was not available for comment. There has been widespread acceptance in the past of the thesis that the U.S. Central Intelligence Agency played a role in ousting the leftist regime of former Guatemalan President Jacobo Arbenz Guzman.

from their home at Beverly Hills, Calif. She was resting in another room when Blue took a sudden turn for the worse. He died at 6:20 a.m. today.

Blue's career in the movies dated back to the silent films. He played a variety of roles but was starred in many Westerns.

One of Arkansas' greatest soldiers was General Patrick Cleburne, who is often called "The Stonewall Jackson of the West".

Blue, an advance man for the Hamid-Morton Circus, came to Milwaukee last week to publicize the Tripoli Shrine Circus which opens today. He collapsed Thursday.

A physician said a bad cold and a severe attack of influenza complicated the heart condition from which Blue suffered.

Equal Concern for Students Necessary

By G. K. HOENFIELD
AP Education Writer

ATLANTIC CITY, N.J. (AP)—The child with talent and the child deprived by society must be equally the concern of public schools, Gov. Terry Sanford of North Carolina said today.

All human resources must be tapped in meeting the challenges of the space age, he said in a speech prepared for delivery to the annual convention of the American Association of School Administrators.

Sanford said North Carolina is just beginning to seek out the gifted child. Special classes last year had over 2,000 students, he said.

"This year we have more than 5,000, and the trend should be to double each year until we include all who have unusual ability," the governor asserted.

He cited special needs of children from rural or slum areas which have not kept pace with the rest of society.

"The schools in which such children find themselves must be adaptable to the children's needs," Sanford said. "Too long we have put most of our best teachers in the classrooms of the privileged children; more of them should go in the classrooms of these disadvantaged children."

He suggested more pay for teachers in such schools, missionary zeal in teacher colleges, improved testing and guidance programs and more attention to vocational training in schools serving disadvantaged areas.

"Maybe the school in the disadvantaged area must become the center and focal point and position of leadership for all of the forces of the community capable of contributing to the solution of ignorance, delinquency, crime, poverty, and wasted lives," Sanford said.

Bernard Kelmer, principal of Furness Junior High School in Philadelphia, said in a speech prepared for the convention that the plight of America's slum children is a national emergency that may become a national calamity.

He said "most of the current attempts to meet the needs of the culturally deprived pupil represent little more than a mopping of the floor without bothering to turn off the faucet."

What is needed, he said, is "a shaking to the very roots of our present methods of conducting schools."

"We delude ourselves into believing we are providing equal opportunity while we spend twice as many educational dollars on the suburban child as the slum child," Kilmer said.

"It is not a question of the talented versus the stupid," he said. "The discoverer of the cure for cancer may now reside in a tenement."

One of the bumbling early preachers was John Young Lindsey. He was popular in spite of his two hour sermons because, if the meeting was near his home, he would invite all his listeners to dinner.
